

PageCast PDF Bait Strategy

Global online shop channels for selling low-cost PDF Cast copies and guiding readers into the PageCast platform

Prepared for PageCast | May 2026

Strategic idea

Sell the PDF Cast copy as a low-cost discovery product. The PDF earns trust, travels through marketplaces, and leads the buyer into the live PageCast Reader where the real relationship, account, unlock, and Cast Pass journey begins.

1. Objective

PageCast can use PDF Cast copies as affordable global entry products. At around \$1, the PDF is not the main profit engine. It is a trust-building gateway that introduces readers and Guardians to the live PageCast experience: voices, music, multilingual Casts, saved progress, Premium Casts, and Cast Pass.

2. Funnel Model

- A visitor discovers a short video, marketplace listing, or social post.
- They buy or download a low-cost PDF Cast copy.
- The PDF includes a QR code and link to the PageCast Reader.
- The reader opens the live Cast and experiences the first Moments.
- PageCast invites account creation to save progress and continue the Journey.
- Premium Cast unlocks and Cast Pass become the real monetization path.

Important pricing note

The \$1 PDF price should be treated as a lead acquisition tool. Success should be measured by PageCast visits, account creation, Reader starts, Premium Cast unlocks, and Cast Pass conversion, not PDF profit alone.

3. Recommended PDF Selling Channels

Platform	PDF Fit	Best Use	Recommendation
Payhip	High	Fast launch store for \$1 PDFs, bundles, and simple checkout.	Use first for speed.
Gumroad	High	Creator-style PDF shop with easy product pages.	Good parallel test.
Ko-fi Shop	High	Community/supporter sales and soft launch offers.	Useful for audience building.

Lemon Squeezy	High	Professional checkout for digital products and subscriptions.	Good when volume grows.
Shopify + Digital Downloads	High	Long-term branded PageCast Shop with global storefront control.	Best long-term shop.
Etsy	High	Marketplace discovery for printable stories, children's PDFs, language-learning PDFs.	Good for discovery.
WooCommerce	High	Own WordPress-based store with downloadable products.	Use only if we want WordPress.

4. Discovery and Traffic Channels

Channel	Use For	How PageCast Should Use It
TikTok	Awareness and impulse traffic	Post story teasers, country/language campaigns, and "PDF opens into voices" demos. Send traffic to PageCast, Payhip, or Shopify.
Instagram Reels	Visual brand storytelling	Use the flying-book motif, Guardian trust posts, and language-specific Cast previews.
YouTube Shorts	Evergreen discovery	Publish short Tale hooks and Reader demo clips that link back to the shop or PageCast.
Facebook	Guardian and parent audiences	Run gentle parent-safe offers, bedtime routine content, and family bundles.
Pinterest	Long-tail visual search	Promote PDF covers, quote cards, language-learning pins, and printable-style listings.
Temu	Physical product discovery	Not ideal for pure PDFs. Consider later for physical QR cards, mini-books, or printed promo bundles.
Shopee/Lazada	Regional marketplace trust	Use cautiously. If digital delivery rules are difficult, sell a physical access card or printed mini-book with QR code.

5. Ebook Store Expansion

Platform	Best Fit	Role in PageCast Strategy
Amazon KDP	Kindle/ebook discovery	Convert selected PDFs to Kindle-friendly ebook format. Use the book to point readers back to PageCast.
Google Play Books	Android/global ebook reach	Useful once Casts are polished into ebook editions.
Apple Books	Premium reader ecosystem	Good for brand credibility and global ebook presence.
Kobo Writing Life	International ebook readers	Useful for global English and multilingual ebook distribution.
Draft2Digital	Multi-store distribution	Can distribute to several ebook retailers after PageCast has a stable catalog.

6. Recommended Launch Stack

Start with a simple, low-friction setup before investing in a full shop build.

Phase 1: Fast Test: Use Payhip for the first \$1 PDF Cast products. Promote through TikTok, Instagram Reels, and YouTube Shorts.

Phase 2: Discovery Expansion: Add Etsy listings for selected PDF Cast copies, especially children's Tales, printable-style products, and language-focused Casts.

Phase 3: Branded Shop: Build a PageCast Shop with Shopify or native PageCast checkout once there are 10-20 polished PDFs and clear winning audiences.

Phase 4: Ebook Stores: Convert the strongest Casts into EPUB/Kindle editions for Amazon KDP, Google Play Books, Apple Books, Kobo, and Draft2Digital.

Recommended first move

Launch 3 polished PDF Cast products first. Each PDF should include a beautiful cover, short intro, QR code, PageCast Reader link, and a clear invitation to begin the live Cast.

7. Required PDF Contents

Comparison of the PDF Cast copies currently prepared in the .casts folder against the required launch contents.

Required content	Algorithm That Found God	Grey Pebble	Garden Talked Back	Last Firefly	Action needed
Cover page with PageCast branding and Cast title	Yes	Yes	Yes	Yes	Keep; polish covers for shop thumbnails.
Short description of the Tale	Partial	Partial	Partial	Partial	Add 2-3 sentence shop-style synopsis before story text.
Language/country signal	Yes	Yes	Partial	Missing	Add visible language and audience/country label.
QR code and direct PageCast Reader URL	Missing	Missing	Missing	Missing	Add QR plus full Reader URL to every PDF.
Soft CTA: "Begin the live PageCast version"	Partial	Partial	Partial	Partial	Replace generic unlock line with direct PageCast Reader CTA.
Starter Cast or preview path for trust	Yes	Yes	Yes	Yes	Keep first chapter/preview positioning clear.
Premium Cast or Cast Pass invitation	Partial	Partial	Partial	Partial	Add end-page offer for Premium Cast or Cast Pass.
Rights/copyright notice and support link	Missing	Missing	Missing	Missing	Add copyright, rights statement, and support/contact URL.

8. Measurement

Metric	Why It Matters
PDF purchases	Shows which titles and channels attract paid curiosity.
QR/link clicks	Measures whether the PDF successfully sends readers into PageCast.
Reader starts	Shows whether visitors actually begin the live Cast.
Account creation	Measures relationship capture.
Premium unlocks	Measures paid conversion beyond the bait product.
Cast Pass signups	Measures long-term recurring value.

9. Source Notes

Channel capabilities and platform positioning should be checked again before launch because marketplace digital-product rules can change. Useful official references include Payhip digital products, Gumroad, Ko-fi Shop, Lemon Squeezy digital products, Shopify Digital Downloads, Etsy digital listings, Amazon KDP, Google Play Books Partner Center, Apple Books for Authors, Kobo Writing Life, and TikTok Shop policy resources.
